Call	KN4DUF
Expectations for the SET	Send and receive Winlink messages
What Occured	Received 7 Winlink messages (mix of ICS-213 and plain), responded to all. Sent one additional Winlink Message. Received 7 Winlink messages Sent 8 Winlink messages
What Went Well and Why	Heard net control on both frequencies. Very little traffic heard.
Improving Operation and How	Some Winlink messages had 213 forms, and some didn't. Some were not properly formatted. Heard very little radio traffic compared to previous SETs. Did not seem like as many participants.
