

<b>Name</b>	Patricia Winner
<b>Call</b>	KM4JIA
<b>Expectations for the SET</b>	To communicate via Winlink Peer to Peer and Simplex based on the Simplex bubble chart.
<b>What Occured</b>	Simplex communication went well. Winlink was a little challenging, but with the assistance and guidance of my net control(KM4ICE), all Winlink messages were sent, received and responded to.
<b>What Went Well and Why</b>	All communications were sent, received and responded to as necessary to complete the exercise. This was made possible with the team's ongoing training, practice and teamwork. HEART is a well oiled machine! Glen Sage does an outstanding job of coming up with unique and challenging exercises every year. Can't wait to see what he comes up with next.
<b>Improving Operation and How</b>	Communications could have been clearer with digital radios.
<b>Your Operating Location</b>	Chesapeake Regional
