

News for 7-29-2004

Volunteers for the RAAP exercise continues to come in at a rapid pace. We currently have 39 volunteers with some coming from as far away as Virginia Beach from the east and the Bristol area from the west.

We have also picked up a new area for coverage. We will have a "Heath and Welfare" station at Fairlawn Fire & Rescue near the intersection of Rt 114 and US 11. We will also have a digital station there, along with voice.

In checking our list of participates, when you see TNC beside their assignment it means there will be both digital and voice operating there. The strength of amateur radio is that we are not locked into a single system for our communications but use all the means that are available to us.

If you have questions call or e-mail me. My phone is 276-398-3548 and e-mail is w4ghs@arrl.net
