

Operation Wildfire

Incident Action Plan

10/1/2011

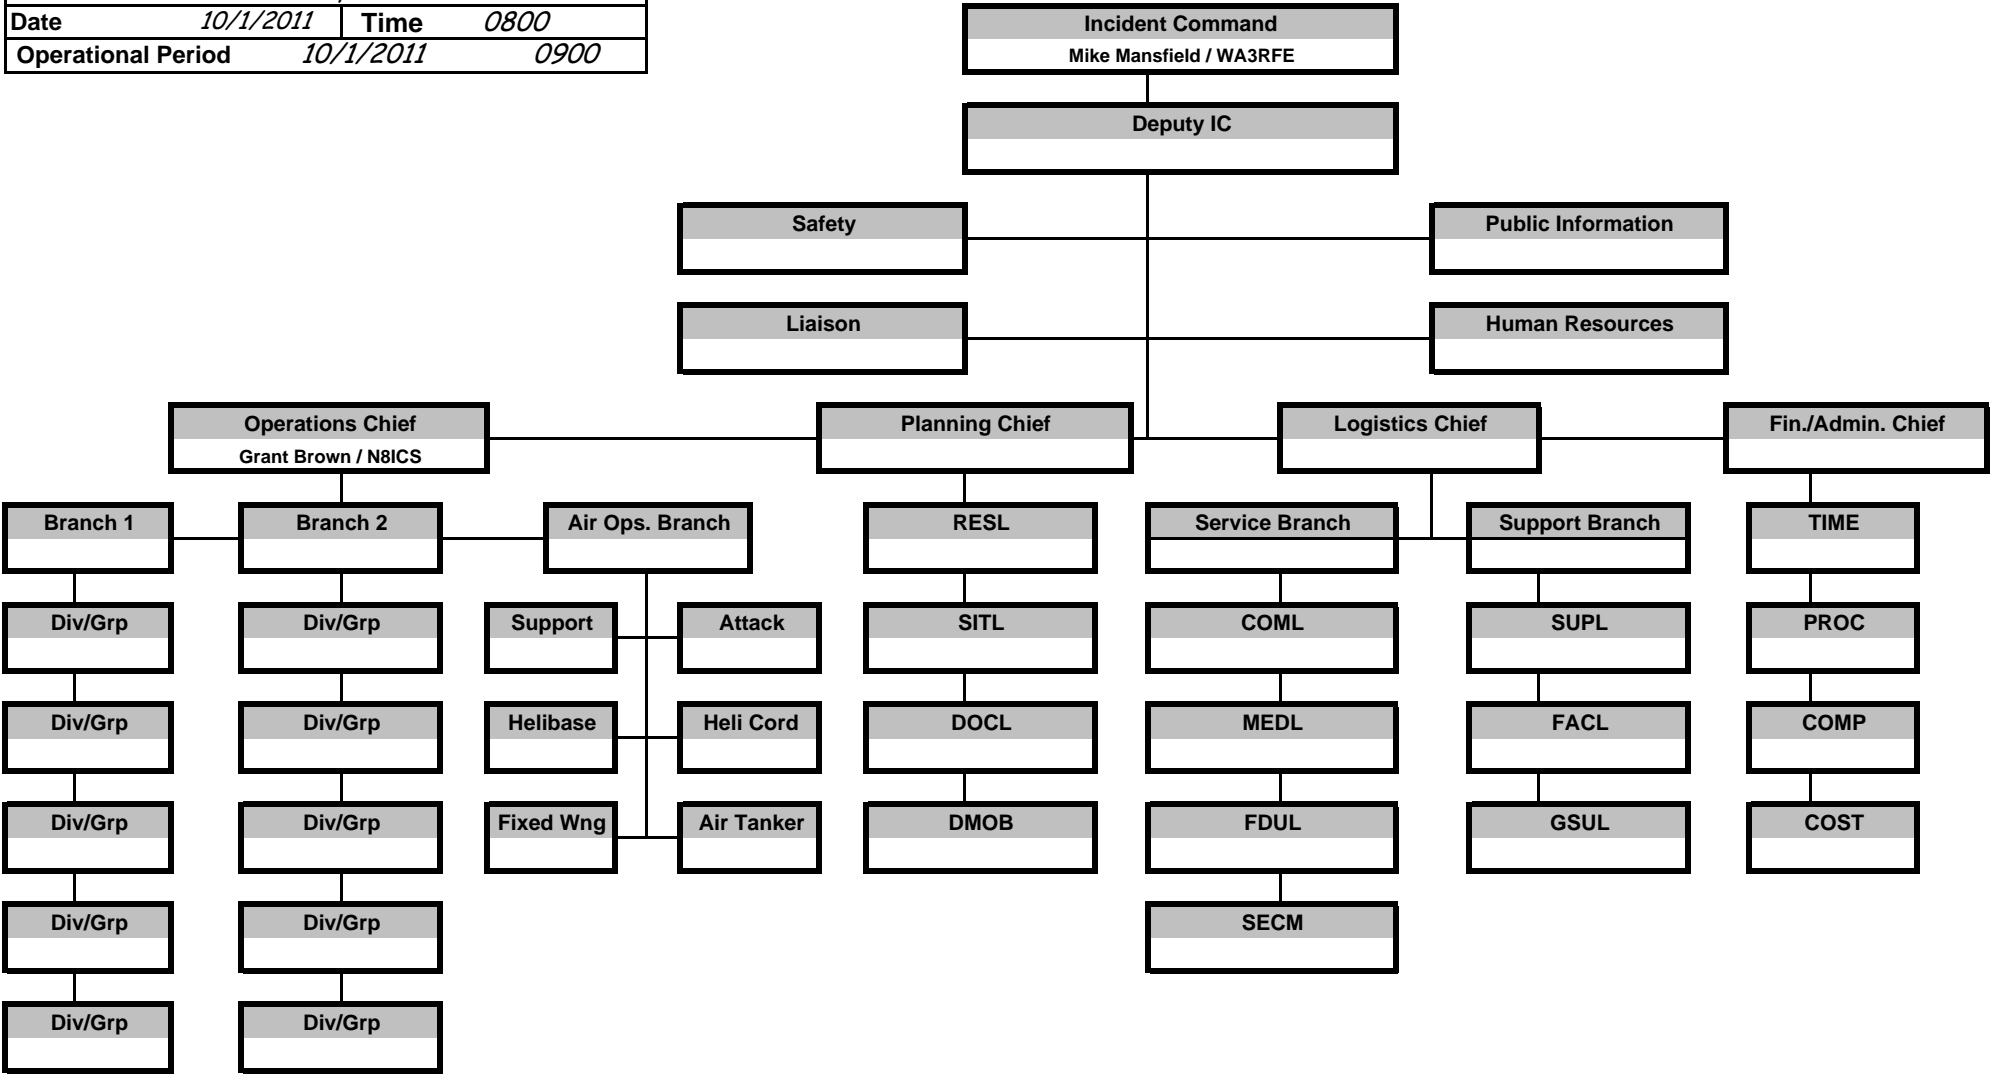

0900

Incident Objectives	1. Incident Name <i>Operation Wildfire</i>	2. Date Prepared <i>10/1/2011</i>	3. Time Prepared <i>0800</i>
4. Operational Period (Date and Time) <i>10/1/2011 0900</i>			
5. General Control Objectives for the Incident (include Alternatives)			
<i>1 To insure seamless operation of EmComm groups in various jurisdictions</i>			
<i>2 To combine the effective use of digital and voice to provide the needed agency communications service</i>			
<i>3 To provide an opportunity for new hams to experience a simulated exercise</i>			
<i>4 To provide an opportunity for supported agencies to work with our EmComm groups in a realistic drill</i>			
<i>5 To provide an opportunity for hams to work with the National Weather Service in a non-typical situation</i>			
<i>6 To provide an opportunity for hams to meet training requirements to advance, or retain EmComm certification that requires periodic activation or Simulated Emergency Test participation</i>			
<i>7 To provide an opportunity for hams to work a drill that requires passing a high volume of traffic on behalf of served agencies</i>			
6. Weather Forecast for Operational Period			
<i>Mostly cloudy with a 20 percent chance of showers. Cooler with highs in the lower 50s. Northwest winds 15 to 20 mph with gusts up to 35 mph.</i>			
7. General Safety Message			
<i>Make sure to check for any and all hazards. When responding to any locations do so in a very safe manner. When on location take the time to look around for any for any hazards. Look for trip hazards and any other possible hazards. Handle all electrical work with caution. Watch out for over head electrical power lines if erecting antennas. Secure all ground lines with tape or mats so as not to trip over them. Take proper caution if storms develop to avoid shock and station damage.</i>
