

Expectations for the SET	To conduct a Winlink joint exercise between Roanoke ARES, Franklin County ARES, and the Blue Ridge Emcomm club operating on KM4NSE-10 in Roanoke and W4BOT-10 in Franklin county.
What Occured	Operated as expected but encountered intermittent outages with one Gateway.
What Went Well and Why	Processed 92 messages due to coperation between all parties plus a pre-exercise drill held in late December.
Improving Operation and How	Utilize backup Gateways and have semi-annual if not quarterly exercise if possible.
